

Guardsman Australia Pty Ltd
13 Columbia Way
Baulkham Hills NSW 2153

Compliance Statement

This statement declares that we have worked with all of our suppliers and can confirm that:

No products supplied to you by Guardsman contain any per- or polyfluoroalkyl substances (PFAS) as listed in Schedule 7 of the IChEMS Register, namely:

- Perfluorooctanoic acid (PFOA)
- Perfluorooctane sulfonic acid (PFOS)
- Perfluorohexane sulfonic acid (PFHxS)

This applies to all products, including but not limited to raw materials, mixtures and finished goods.

The presence of PFAS as unintentional trace contaminants is permissible only under specific concentration thresholds as defined by IChEMS, and we confirm that we have measures in place to ensure that any such contaminants, if present, are within the allowable limits.

Guardsman commits to continuous monitoring and due diligence to ensure ongoing compliance with IChEMS regulations.

This declaration is valid ongoing as at today's date unless / until there is a change in the product composition or relevant regulations, at which point you will be duly notified.
